**Having carried out an extensive survey on the Notting Hill Carnival in 2024, the Metropolitan Police Federation is now surveying officers in real time about their experiences at the 2025 event.**

**We are sitting on the Gold Group for this year's event and can feed back to senior leaders in real time if officers are lacking water, food or access to toilets.**

**Scan the QR code on the back page of this leaflet whenever you are safely able to, and we will do our best to divert supplies to you if you are lacking.**
